

Ohio Adult Allies (OAA) is currently **accepting applications for a new Youth-Led Prevention Evaluation Advisory Committee.**

The OAA Initiative is a diverse network of adults committed to facilitating and advancing the work of youth-led programs to create community-level change and build healthier communities. This committee of 8-10 youth-serving professionals will develop a youth-led program evaluation tool that Ohio Adults Allies can use within the field to support evidence-based/evidence-informed work through shared evaluative measures and tools. The committee will use a community-centered, participatory empowerment approach to develop this tool which will be specific to the planning process OAA engages in with youth.

OAA invites adults with extensive expertise and/or professional experience working with youth to consider applying. Special consideration will be given to those with experience in the youth-led prevention field and/or experience with evaluating programs or creating evaluation tools. Specifically, experience in allowing youth to lead the process of determining a problem of practice by examining state and local data, identifying the root causes of their problem of practice, and selecting and implementing evidence-based strategies to address those root causes.

The advisory committee will meet virtually to increase accessibility to committee members across Ohio. For more information about this advisory committee, including a project charter, visit the [Ohio Adult Allies website](#).

Application deadline: Friday, January 3, 2025

Anticipated notification date: Friday, January 17, 2025

Name:

Please list any credentials:

Email Address:

Phone Number:

Organization that you work for:

In which county is your organization located?

Which county(ies) does your organization serve in Ohio? Please answer "statewide" if your organization serves all Ohioans.
